This practical and indispensable article—especially for wear where exposed to ice, snow, or slush—was first introdnced by this company several years ago, and its real value **is in being almost indestructible, when proper materials are used in its manufacture,** whilst the cheap, inferior quality, forced on the public by reckless imitators of our patent goods, soon becomes brittle and crumbles to pieces. PREFACE.

The Directory of 1885 is presented to the public with little in its general appearance to distinguish it from the preceding issue. But a careful examination of its contents, as summarized below, shows that the usual great number of changes have been recorded. It was not expected that the canvass this year would indicate any considerable increase of population. Reference to the Directories of Troy or any commercial city, for past years, will show how exactly the increase or decrease of names has corresponded to the favorable or depressed condition of business.

How well the work of compilation of the Directory has been performed, the public will learn only by its frequent use during the coming year. The publishers have conscientiously labored for the best results, and have omitted nothing that many years of experience have shown to be of practical value.

Thanks are due to those whose courtesy, interest and assistance have rendered the labors of the agents pleasant, and particularly to those public spirited citizens who realize that a liberal support is essential, and will bring its returns to the city and themselves.

Since our last issue the following persons, whose names appeared in the first Directory (1829), have died: David H. Wellington, June 21, 1884, at West Newton, Mass.; Lewis Rousseau, July 2, 1884, at West Troy, and John G. Buswell, February 27, 1885, at Groton, Mass.

Any information respecting the former issues can be obtained at the BOOK STORE of WM. H. YOUNG, where a complete set of the City Directories is at the service of those interested.

TROY STREET DIRECTORY.

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, you look at Second street, on page 15, and find that Liberty street crosses at 156, and Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Fire Alarm Telegraph.

CENTRAL OFFICE, ARBA READ STEAMER HOUSE.

Location of signal stations, and rules and regulations to be observed in giving an alarm of fire.

Directions to those holding Signal Station Keys.

If a fire is discovered in your immediate vicinity, go to the nearest Box. Pull the Hook all the way down *once* and let it go; wait a minute, and if you hear no tap in the Box or alarm from the Bells, go to the next nearest Box and pull the Hook as before.

If convenient, wait at the Box and direct the Firemen to the fire.

CAUTIONS.

1. Never open the Box or touch the Hook, except in case of fire *near you.*
2. Never pull the Hook when the small Bell in the Box is tapping.
3. Be sure that your Box is locked before leaving it.
4. Never let the key go out of your possession except to some known responsible person to give an alarm.

EVERY POLICEMAN HAS A KEY.

NOTICE.

Complaints concerning the working of the Fire Telegraph, Irregular Striking of the Bells, or Tapping of the Boxes, Broken Wires, etc., should, *in all cases,* be made to the Superintendent, James Knibbs, at the Fire Alarm Office, Arba Read Steamer House.

MANNER OF STRIKING ALARMS.

Alarms of Fire will be sounded by striking the Number of the Signal Stations on St. Paul's, St. Joseph's, St. Mary's, St. Patrick's and St. Peter's Church Bells, and the Engine House Gongs, as for example: For Station No. 3, three consecutive blows, followed by an interval of twelve seconds; Station No. 35, three blows, with an interval of five seconds; then five blows, followed by an interval of twelve seconds; Station No. 135, one blow, followed by an interval of five seconds; then three blows, with an interval of five seconds; then five blows, followed by an interval of twelve seconds.

REQUIREMENTS FOR ADMISSION.

Previously to examination the candidate must present testimonials of good moral character to the Director of the Institute.

For admission to Division D, at the opening of the Winter Season, the candidate must be at least sixteen years of age, and pass satisfactory examinations in Arithmetic, Geography, English Grammar, including Spelling; Algebra, through quadratic equations, and five books of Wentworth's Geometry. For admission to advanced standing, at the opening of either the Winter or Summer Session, the candidate must be correspondingly older, and pass satisfactory examinations in the same, and also in all the previous studies of the Division which he proposes to enter. These examinations are extended and rigorous, including both Principles and Practical Examples.

SESSIONS AND VACATIONS.

The Scholastic year is divided into two Sessions of nineteen weeks each. After the First or Winter Session there is a vacation of one week; and after the Second or Summer Session, there is a vacation of thirteen weeks.

The Scholastic year of 1885-6 will commence on Wednesday, September 17th, 1885.

The Annual Register, giving full particulars, may be obtained at WM. H. YOUNG's Book Store, 8 and 9 First Street, or from

The courses of instruction are designed to give boys and young men a thorough preparation for business, for college, for the Rensselaer Polytechnic Institute, and other scientific schools. The Academy is not a graded school; students whose progress will justify their promotion may pass from lower to higher classes at any time. As a training school for the Rensselaer Polytechnic Institute, the Academy offers superior advantages.

For Circulars, address

SESSIONS.

The School Year is forty weeks or four quarters of ten weeks each. Commencing with the third Wednesday in September, closing with the last Wednesday in June. The only vacation is during the Christmas holidays.

The success which has attended the efforts of the Trustees of the Seminary to maintain a day school of the first-class in Troy is assured. The patronage of our citizens is generous, and the scholarship and progress of the pupils satisfactory.

The Institution has recently been more completely equipped for instruction in the physical sciences; and classes in primary branches have been arranged, which offer unusual advantages for young children.

It is confidently asserted that pupils residing at their own homes in Troy have, at the Seminary, means of advanced education equaled by only a few of the best boarding schools and colleges for young ladies in the country.

Instruction in Vocal and Instrumental Music, while not included in the regular course, can be provided for, on application, by competent local teachers.

The school thus affords to the citizens of Troy unexcelled facilities for the thorough and economical education of their daughters, while surrounded by home influence and parental care.

An investigation of the merits of the school is respectfully invited.

For further information apply to, or address,

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse-power. The Company's gate-house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the company, with land for factory building, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the locality is the cheapest in the country. It is an unfailing power, and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

MORNING TELEGRAM

THE ONLY

MORNING PAPER IN THE CITY

Covering the entire field to the North and East of Troy.

The TELEGRAM, like all Morning Papers, is read by the People just before they want to buy, and hence gives advertisers an opportunity of reaching purchasers at a time that no paper issued at any other hour of the day can.

Advertising in a Morning Paper always pays. The TELEGRAM meets all of the in-coming trains, and is read by the out of town purchasers as they are approaching the City, thus making an advertisement in this paper of the greatest value, and one that will repay the advertiser.

THE TROY

NORTHERN BUDGET.

Published every Sunday Morning, having a circulation three times that of any paper published in this City, gives Advertisers more Circulation for a given amount of money than any other paper published in Troy, Albany or New York State, outside of New York City.

It is the largest paper in the City and County, being the same size as the large New York Dailies. It covers a field reached by no other single paper. It is read by all classes and by thousands who read no other paper. It is read more thoroughly than any other paper, for Sunday is the great reading day. People have more leisure to read advertisements on Sunday than on any other day, consequently with its large Circulation it presents features to advertisers that no other paper in this vicinity can.

It is the paper above all others in this vicinity in which to Advertise "Wants," "To Let," "For Sale," and similar advertisements.
